Team ID	xxxxxxx
Project Name	Voice Based Concept Understanding Analyser
Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Opens the VBCUA application • Selects the concept/topic • Records or uploads an audio explanation	• Clicks Analyze • Waits for speech transcription and AI analysis • Reviews processing status	• Views transcript and evaluation results • Reviews semantic similarity and fluency metrics • Downloads the PDF report and practices based on feedback
Touchpoint <i>What part of the service do they interact with?</i>	• Streamlit homepage • Topic selection • Audio upload/recording interface	• Analyze button • Whisper transcription engine • AI processing module (Sentence-BERT & Librosa)	• Results dashboard • Waveform visualization • PDF report download
Customer Thought <i>What is the customer thinking?</i>	• I hope my explanation is correct." • "Did I choose the right topic?" • "Can this AI really evaluate me?"	• I hope the transcription is accurate." • "Did I explain the important concepts?" • "What score will I get?" •	• "Where did I make mistakes?" • "How can I improve my explanation?" • "I'll practice again using this feedback."

Customer Feeling <i>What is the customer feeling?</i>	Curious, hopeful, cautious	Interested, confident, expectant	Satisfied, informed, confident
Process Ownership <i>Who is in the lead on this?</i>	Student / Learner	VBCUA System (Whisper + Sentence-BERT + Librosa + Scoring Engine)	Student / Learner
Opportunities	• Support voice recording and audio upload • Provide recording quality tips • Offer sample concept explanations	• Reduce analysis time • Improve transcription accuracy • Add real-time progress indicator • Support multiple languages	• Provide personalized improvement suggestions • Track progress across multiple attempts • Download detailed PDF reports • Recommend practice topics based on weak areas
