Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS - 1	A student or learner preparing for interviews, presentations, or academic assessments	Explain a concept clearly and evaluate whether my understanding is correct	I am not sure whether my explanation is accurate, complete, or communicated effectively	I do not receive immediate, objective feedback on my conceptual understanding, speech fluency, or communication skills	Uncertain about my knowledge and lacking confidence in my ability to explain concepts effectively
